

Supplies

As you begin to gather your supplies, keep in mind that you are making shoes in a specific size. Whether the shoes will be for yourself or someone else, make sure to know and select the proper size for the kit.

As you select the pattern for the style of shoe you will be making, this will also determine the number of eyelets and length of shoelaces you will want to use. If you can't find the exact laces you want before class, just bring a spare pair to use to help you in the construction process.

SKU	US (M)	US (W)	EU	UK (M)	UK (W)	INSOLE	FOOT
4005-01	-	6.5	37	-	4.5	9.7" (24.6 cm)	9.3" (23.6 cm)
4005-02	-	7.5	38	-	5.5	9.9" (25.1 cm)	9.5" (24.1 cm)
4005-03	-	8.5	39	-	6.5	10.2" (25.8 cm)	9.8" (24.8 cm)
4005-04	7	9.5	40	6.5	7.5	10.4" (26.5 cm)	10.0" (25.5 cm)
4005-05	8	10.5	41	7.5	8.5	10.7" (27.2 cm)	10.3" (26.2 cm)
4005-06	9	11.5	42	8.5	9.5	11" (27.9 cm)	10.6" (26.9 cm)
4005-07	10	12.5	43	9.5	10.5	11.2" (28.5 cm)	10.8" (27.5 cm)
4005-08	11	-	44	10.5	-	11.5" (29.1 cm)	11.1" (28.1 cm)
4005-09	12	-	45	11.5	-	11.8" (29.9 cm)	11.4" (28.9 cm)

Required

- SneakerKit ([Chicago School of Shoemaking](#), [Tandy Leather](#), [Maker's Leather Supply](#))
- SneakerKit Pattern (Free) in your size - <https://www.sneakerkit.eu/c-3526931/patterns/>
- Leather Scratch Awl - <https://amzn.to/4gdOT2k>
- Tracing pen (choose a color that works well with your fabric choice)
- Scissors (Rotary cutter & mat will be supplied)
- Multi-punch tool for leather - <https://amzn.to/3I5XQ0R>
- Harness needles for sewing leather - <https://amzn.to/4pj3ihQ>
- Shoe Laces in Appropriate length:
3-4 eyelets = 27", 4-5 eyelets = 36", 5-6 eyelets = 45", 7-8 eyelets = 54", 8 or more eyelets = 72"
- 1/2 yard of **pre-quilted fabric**, leather, suede or other material to be used in your sneaker outsole. Best options for batting are Soft and Stable or Wool, due to the additional loft and breathability, especially for high top styles. Quilt with at least 1/2" spacing.
- 1/2 yard of fabric to be used for your lining
- Binding clips
- All purpose polyester thread for any shoe construction required
- Fray check

Optional

- Create 2 yards of folded bias binding, from 1 3/4" strips, to finish the edges.
- Odicoat Waterproofing Gel (also seals any raw edges) - <https://amzn.to/3JK2bY3>
- Choice of waxed thread for sole stitching - <https://amzn.to/462hse6>
- 3/16" Eyelets - <https://amzn.to/4g6VY11>
- Eyelet setter tool (typically included when you purchase eyelets)
